Please note that we offer four fixing methods:

Bolt Through: This is used where the door pull is placed on the front of the door, the door is pierced and bolted from the back.

Surface Fixing: This is used where the door pull is secured to the door from the front.

Back-to-Back: This is used where the door pull is secured back to back on the door.

Secret Fixing: This is used where the door pull is fitted without any visible screws on the door.
